

Enrichment Year 7

October 2017

Dear Parent / Guardian

Samuel Ward runs an enrichment programme which gives all KS3 students an opportunity to take part in different activities within the school day and which will broaden and enrich their school learning experience. All Year 7 students must attend enrichment lessons during period 7 (2.50pm – 3.40pm) on Tuesdays, Wednesdays and Thursdays.

The attached table outlines an example of enrichment choices available to the students on each of the days for next term. Students, together with their parents must **choose 5 activities** they would like to attend on each day and rank them in numerical order i.e. 1 for 1st choice, 2 for 2nd choice etc. **Each club has a maximum number and so students may not always get their first or second choices on each day.**

For the clubs taking part outdoors, please be aware that these will take part whatever the weather and even if raining or cold students will be expected to attend these sessions; please bear this in mind when making your selections. For sport choices students will need to wear their PE kit and for all others their school uniform.

Once you have made your choices your reply sheet should be signed by both parent/guardian and student, and returned to C Block office. Once activities have been allocated parents will be able to see what their son/daughter is doing via the student planners. **Late returns are less likely to receive their top choices!** Year 7 students will find out their enrichment activities on their first day back in September.

A new set of choices will be made each term with new and seasonal activities added to the options, if you do not get your number one choices in the first term it may be that you will in a future term. Think carefully when making your options and try and choose both a varied range of activities, and activities that you will be happy to take part in for the whole term.

For more information regarding each club and what they entail, please go to the Enrichment page on the school website: <http://www.samuelward.co.uk/enrichment>
