EXAMS

Paper 1 (Physical) Paper 2 (Human)

WHEN

JUNE 2019/20

Fieldwork: There will be 4 days fieldwork in summer 2019 in physical/human environments. There will also be a personal investigation carried out in Year 2 and worth 20% of your final grade achieved. This will be between 3000-4000 words and carried out entirely independently. The choice of the investigation is entirely up to the individual but must be hinged upon taught concepts/theories.

Prep exams:

In Year 1 there will be a Physical Paper 1 prep exam. In Year 2 there will be another Paper 1 and two Paper 2 examinations. Students will do exam questions in most lessons to assess their learning.
